

I Wanna Be in a Rock Band - Ian Luther

My old man said I need an education
To be successful in this world today
Go and get yourself a qualification
And your life will turn out OK

But I didn't live up to his expectations
Cos I was not the sharpest pencil in school
And I failed all of my examinations
Except for an O-level in playing the fool

And I drove my teachers crazy
And got detention every day
My school report said I'm lazy
But who wants a proper job anyway

I wanna be in a rock band
I wanna be a superstar
I wanna be like Jimi Hendrix
Playing my guitar

So all my friends went off to uni
While I was queueing up to get my dole
And they got honours in psychology
But I got mine in playing rock and roll

And I drove my old man crazy
Cos I wouldn't go and get a job
He said that I was born lazy
And I was nothing but a hairy yob

I wanna be in a rock band
I wanna be a superstar
I wanna be like Jimi Hendrix
Playing my guitar

And now I drive my girlfriend crazy
But she just don't understand
It's not that I was born lazy
It's just that I was born to be in a band

I wanna be in a rock band
I wanna be a superstar
I wanna be like Jimi Hendrix
Playing my guitar
