

The Snake Charmer (2015 on The Lonely Road album) - Ian Luther

Like a piper playing his music
Charming the snake to dance
She'll seduce you with her magic
And put you in a trance

(chorus)
And she'll hypnotise you, mesmerise you
Summon up the fires of hell
Mystify you, tantalise you
And put you right under her spell
Of the snake charmer

She's a hoochie coochie dancer
A serpent of desire
She'll possess you with her powers
And set your heart on fire

chorus

Snake charmer
Snake charmer
Snake charmer

Let's do the snake

Like a viper swaying in a basket
She'll dance around for you
And carress you with her kisses
To make all your dreams come true
