

Too Many People – lyrics

Did you know there's no more fish in the sea
And all the rainforests are history
But if you're wondering what the cause might be
I hate to tell you babe it's you and me

Did you know there's no more water to drink
And all the climate has gone out of sync
I'm no expert but you know what I think
We've gone and tipped the joint right over the brink

(chorus)

There's too many people
Just too many people
Too many people
And not enough room to swing a cat around

Now every woman has an urge to breed
Like every man wants to spread his seed
But does this planet really need
Just another hungry mouth to feed

chorus

instrumental

... smoking!

Seems the planet just can't take any more
So I wonder what the future has in store
In the past it always ends in war
Perhaps we'll end up like the dinosaur

chorus variation

Too many people (repeat)
And not enough room to swing a cat around
There's too many people
